## THE IMPORTANCE & REASON OF SUPPORTING IN GACC XVI

### What is the difference between Rakan Muda GACC International Inter-Varsity Chess Championship and the other projects?

1. GACC is one of the very few international projects run by the university students.
2. GACC is the only **rated chess tournament** fully run by university students, which is recognized by **Malaysian Chess Federation (MCF)** and **World Chess Federation (FIDE)**.
3. GACC is well known in the overseas countries such as Sri Lanka, India, Japan, China, Russia and also Singapore in the field of chess tournament.
4. GACC is the **most anticipated chess tournament** due to the fact that GACC is **participated by many expert chess players** such as Grand Master Alexeev Evgeny (Russia), International Master Wang Rui (China), and FIDE Master B.K Srivani (India).

### Why must your company participate in this projects?

- GACC is an **entirely non-profitable, self-sustaining, student-run project** which has been successfully organized for 15 years under the efforts of the students from Tuanku Bahiyah Residential College of University Malaya and the support from corporate companies and also the public. We need a large amount of money to cover the expenses of participant's accommodation, transportation and food & beverage.
- **Your company** will have the opportunity to **expand the market** to public, student and foreigner since our event is an **international level event**.
- For reaching **promotional and publicity benefits** for present time and in future.
